

Listing Windows

The screenshot shows the Emacs interface with a class browser window. The window title is "Emacs version 18.59.1 (80x48)". The browser displays a hierarchy of classes under the "Object" category. The classes listed are: Responder, View, N3DCamera, N3DMovieCamera, SoundView, Box, Control, Slider, NXColorWell, NXBrowser, TextField, DBImageView, Scroller, Button, Matrix, Form, ScrollView, DBTableView, SoundMeter, NXLiveVideoView, and ClipView. Below the class list, there is a section titled "The OO-Browser provides the following keys:" followed by a list of keyboard shortcuts and their functions. The window is divided into panes: "Inher-Lvl-1", "--All", "Inher-Lvl-2", "--53%", "Blank-3", and "--All---".

Annotations:

- Listing Windows:** Points to the class list.
- Descendent Listing:** Points to the class list.
- View/Edit Window:** Points to the bottom status bar.
- Command Menus:** Points to the keyboard shortcuts section.

```
Emacs version 18.59.1 (80x48)
Object | Responder |
       | View      |
       | N3DCamera |
       | N3DMovieCamera |
       | SoundView |
       | Box       |
       | Control  |
       | Slider   |
       | NXColorWell |
       | NXBrowser |
       | TextField |
       | DBImageView |
       | Scroller  |
       | Button    |
       | Matrix    |
       | Form      |
       | ScrollView |
